## Course Maintenance

Summer is winding down.

Cooler mornings, less mowing have us looking to the off season projects that need to be taken care of around the course.

We will have some dead trees that will need to be removed.

If anyone is interested in taking them down for firewood, see Bob.

## Membership Info

I will be sending out membership renewal information after Labor Day. This info will be mailed out. I will be including a contact sheet to be filled out, showing any changes in address, phone or email that need to be put into our system. Please fill it out with your renewal. We will have payment plans of Full Pay, 3-Pay and 6-Pay for you to choose from. The Full Pay members will receive a credit to be used in the clubhouse of \$20.

The Board of Directors approved a modest increase in fees (less than \$25) for the upcoming year. There are some changes to the cart privilege plan, but no price increase is planned.

Cart Shed fee will remain at \$150 for the year.
